

## Part of College Tours Assignment....

### Questions while discovering your Universities:

Use an institution's web site to answer the questions. This can be a four year university or community college or military institution. This is designed for you to actually learn something that you didn't already know! You must answer **at least 10 of these questions in complete sentences** – pick which ones you want to answer. Do this for your top school and turn in with your College Tour Assignment.

**For each of your questions, you must write the Question AND Question number first, THEN answer the question just below it.**

- 1) What university/college are you visiting?
- 2) Have you been accepted? If not, when should you hear?
- 3) Did you ask a teacher for a recommendation? Have you thanked that teacher?
- 4) What are some of the institution's criteria for acceptance? SAT, ACT, GPA, etc.
- 5) When is an Open Day/Prospective Freshmen visitation day?
- 6) Do you have to take any placement exams if accepted?
- 7) Look through their course offerings. What possible math courses would you take as a freshman?
- 8) How many credits do you need to graduate? How many credits for your major? If you don't know what major, pick one to investigate.
- 9) What could your first math class be at this institution? (course # and name)
- 10) How much does it cost to attend your university? Tuition: Room & Board:
- 11) Will you live on campus? If so, what type of dorm rooms do they have suites, singles, apartments?
- 12) Will you apply for scholarships specific to your university? Look through the financial aid/scholarship portion of the college's web site.
- 13) Would you participate in Work Study (working on campus)? If so, where?
- 14) How many students do they have in their undergraduate program? Graduate programs?
- 15) What 3 clubs/extracurricular activities might you join?
- 16) Do they have sororities or fraternities? Which might you pledge, if any?
- 17) Do they have sports? Division 1, Division 3, etc.? What are some sports they offer that you didn't know?
- 18) Who is the President or Chancellor?
- 19) Can you park on campus? If so, where and how much?
- 20) Has your institution been in the news for anything recently according to their web site? If so, describe it.

\*As part of your College Tours Assignment, you will have to include these facts about one of your school/institution on a separate piece of paper.

**Finished??** Once finished with distance collections and the above college facts, use these two links to play graph theory games:
